Why Choose FlexPlay?

Curated Game Mix That Performs

We analyze your market and handpick top-performing titles from 230+ providers — tailored to your players' preferences.

One API, One Contract — Simple and Stable

Skip endless paperwork and delays. With one integration, you get instant access to a huge content portfolio and a reliable, tech-driven platform to manage it all.

Speed to Market — No Waiting in Line

Integration environment ready within a week after signing — start integration immediately.

Developer-Friendly Setup

Well-documented API and full integration support from your dedicated account manager.

Continuous Expert Guidance, 24/7

Our team supports you with content strategy, promo ideas, and real-time insights — so you can grow confidently, even if you're new to the game.

All-in-One Access

Casino games, sportsbook, and EvenBet Poker — all through one integration.

Your Launch Roadmap

1

Let's Talk!

We start with a quick discussion about your goals, market, and what your casino needs to succeed.

2

Smart Content Match

We pick the best games for your players and finalize the deal — fast and clear.

3

Plug and Play Setup

We handle provider setup and connections — simple integration is on your side.

4

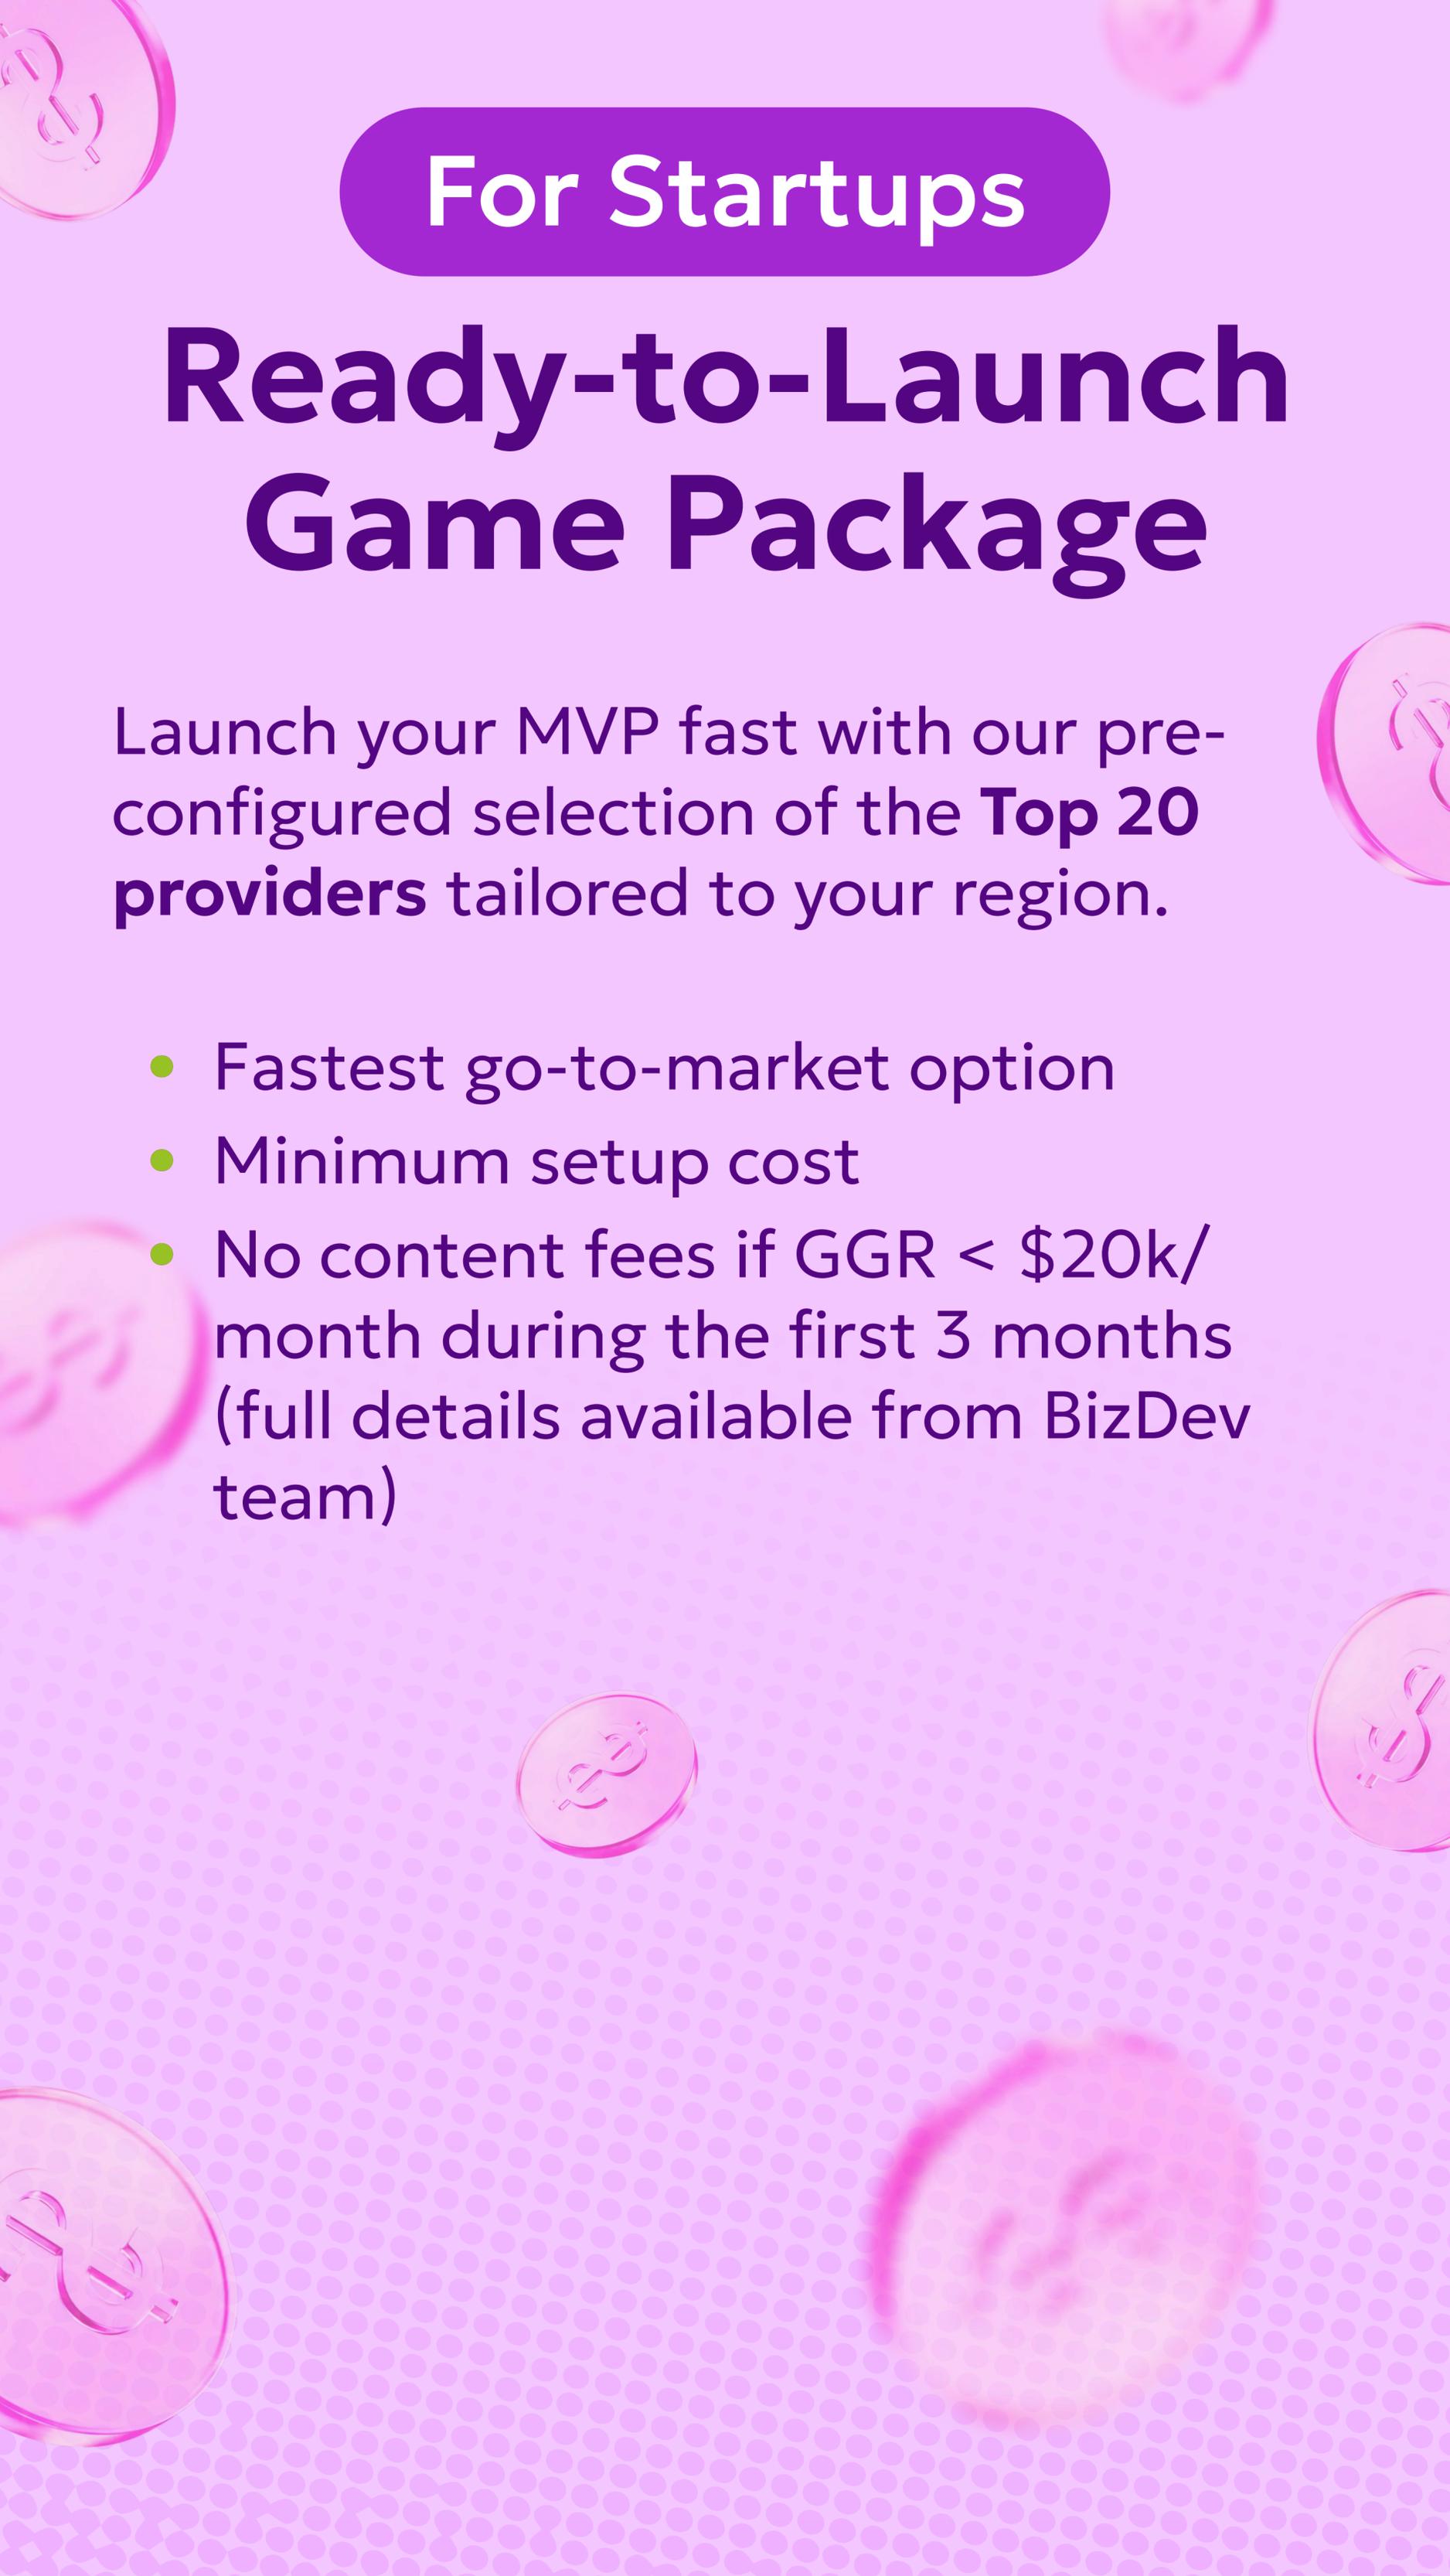

Test, Launch, Win!

We test everything together and help you go live smoothly.

5

Always by Your Side

We provide continuous support, fresh content, and updates to keep players coming back.

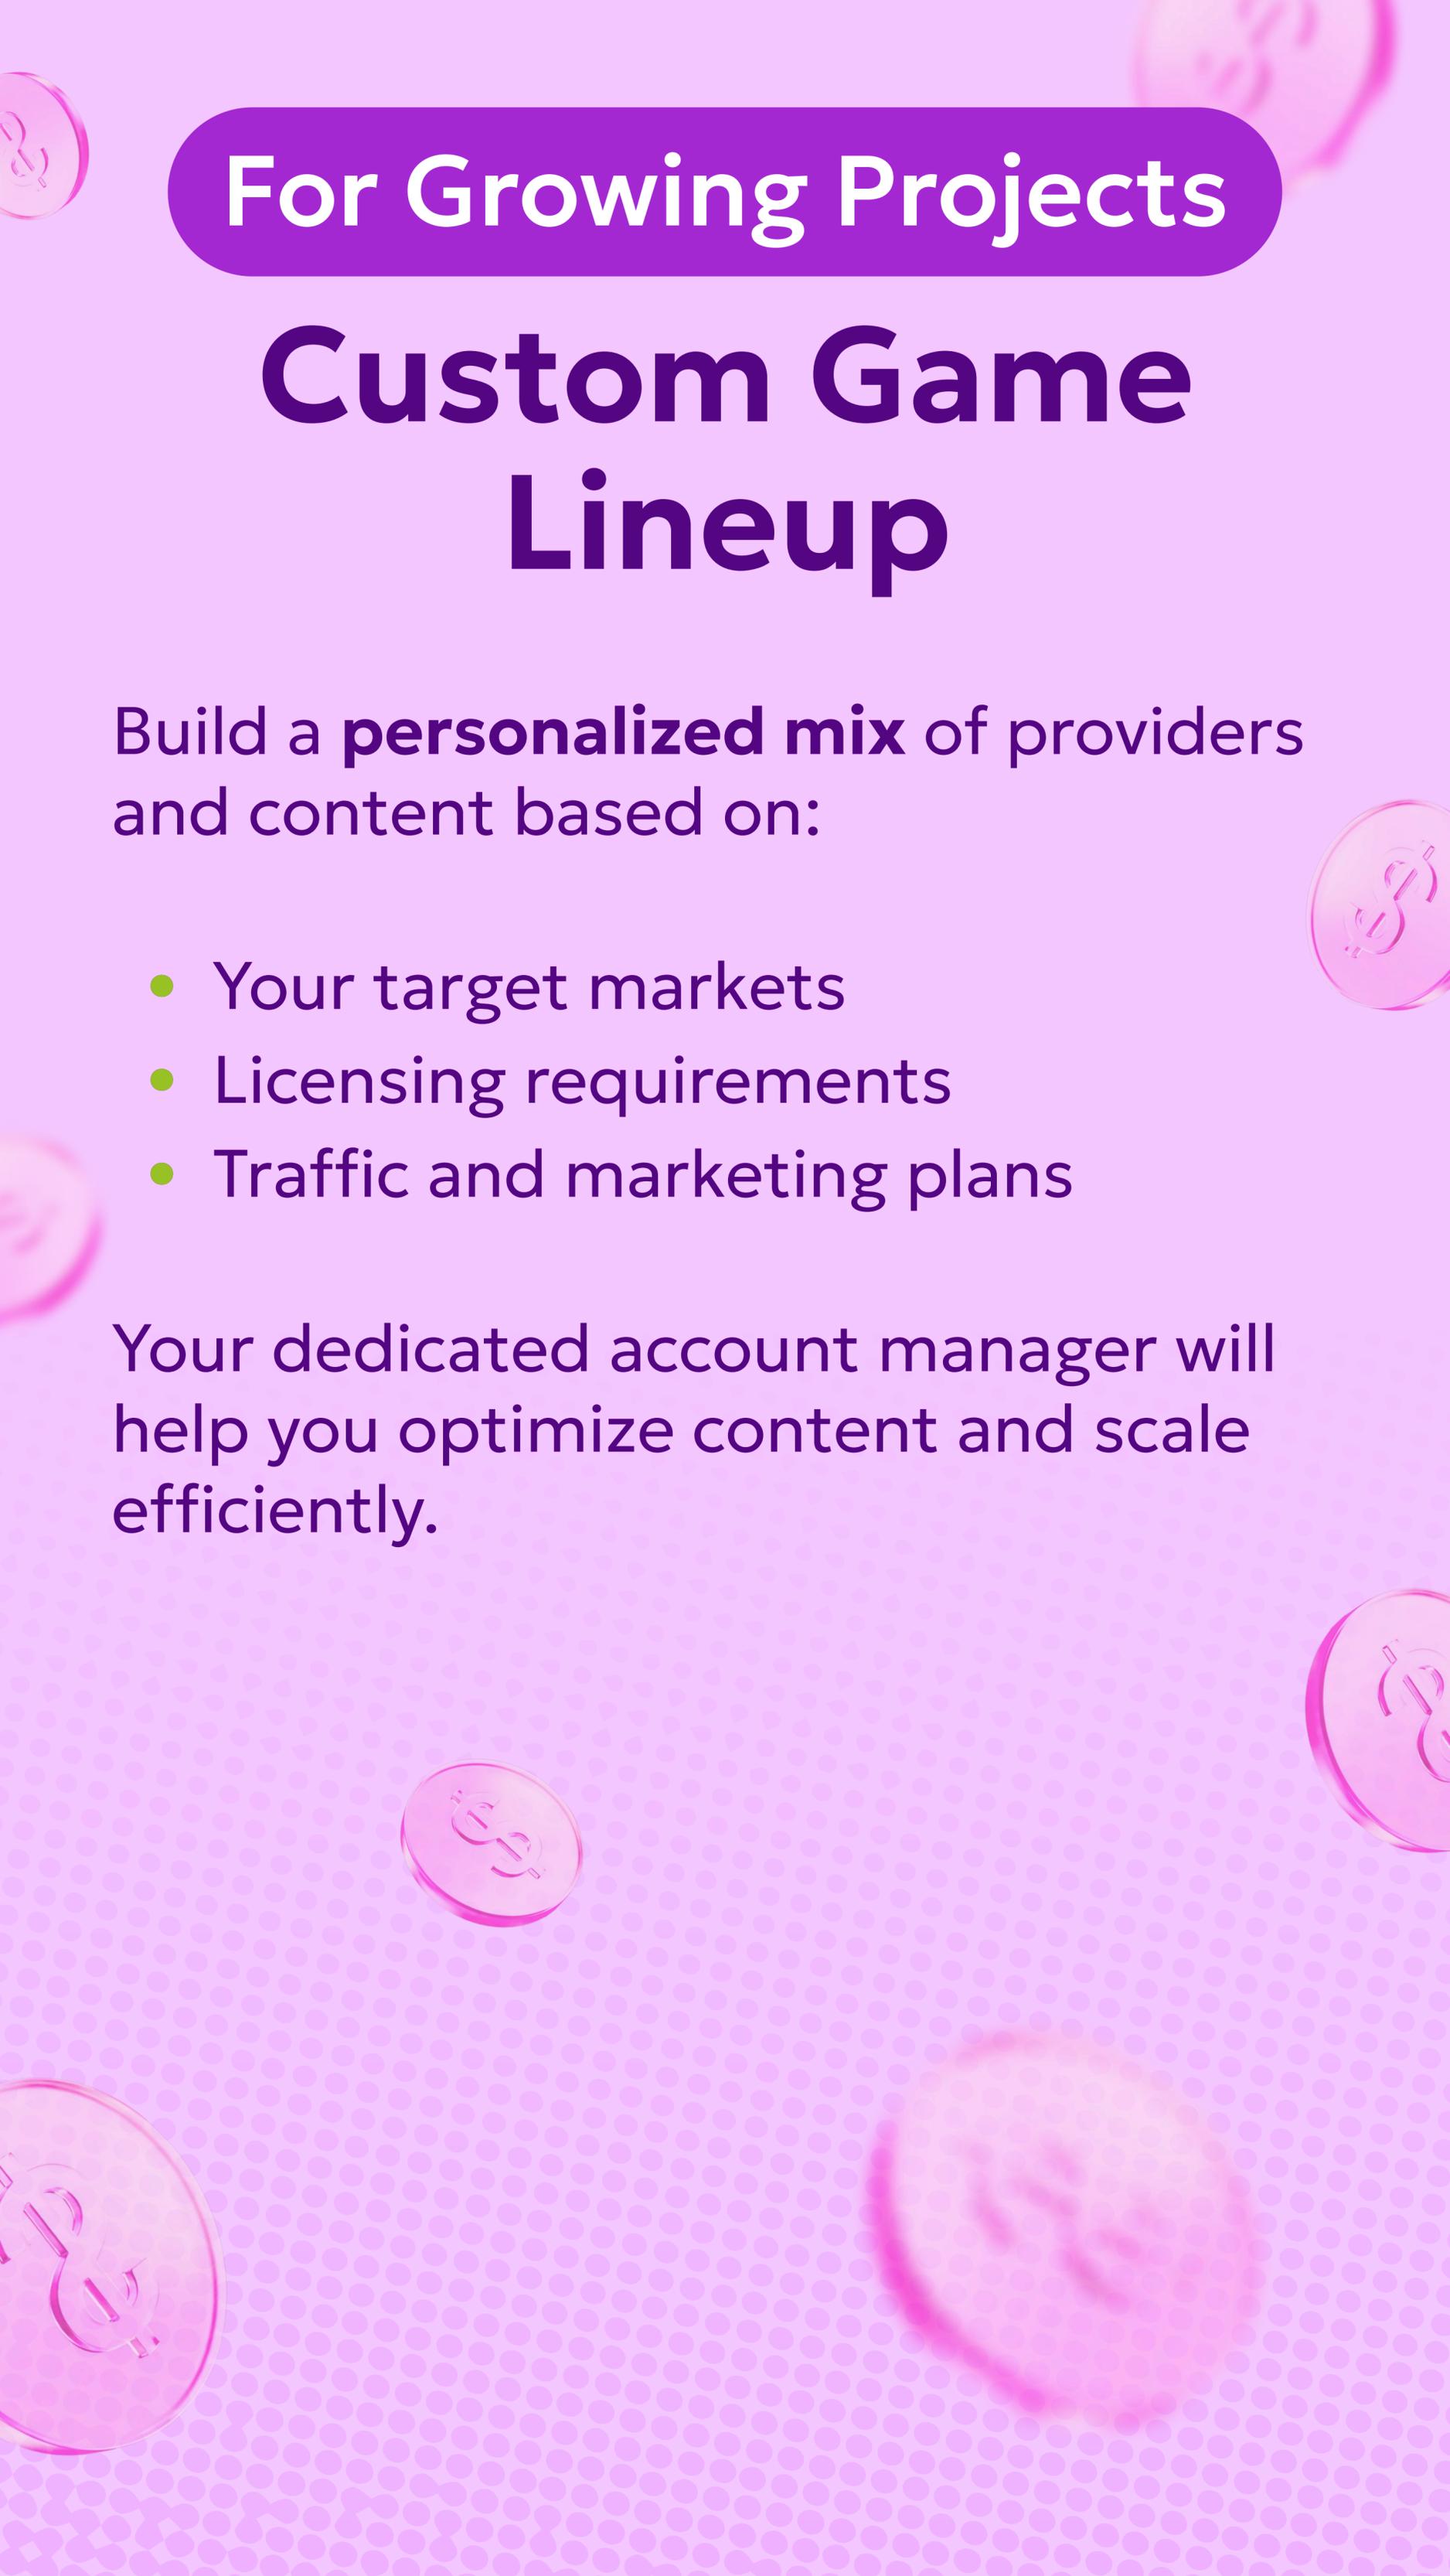

For Startups

Ready-to-Launch Game Package

Launch your MVP fast with our pre-configured selection of the **Top 20 providers** tailored to your region.

- Fastest go-to-market option
- Minimum setup cost
- No content fees if GGR < \$20k/month during the first 3 months (full details available from BizDev team)

For Growing Projects

Custom Game Lineup

Build a **personalized mix** of providers and content based on:

- Your target markets
- Licensing requirements
- Traffic and marketing plans

Your dedicated account manager will help you optimize content and scale efficiently.

Your Success Is Our Priority

We go beyond the contract to help your business thrive.

Reliable Support

24/7 technical assistance (priority based on request criticality)

Real Expertise

Dedicated account manager and business development guidance

Data-Driven Content Strategy

Recommendations tailored to your GEO and ongoing optimization tips

Ready to Expand? Let's Talk!

Let's discuss your goals and find the right setup for your casino's success
